

## **Shopping for a new computer?** **We'll help you find the right one**

Check out our wide selection of computers for sale. We have every size, type, and style to meet your needs, whether you'll be using it at home, on the go, or both.

Want a standard computer with a separate keyboard for working comfortably (and more ergonomically) at home? Our desktops are packed with power and cool features.

Always on the move? Browse our collection of sleek, light, easy-to-carry laptops.

Want the functionality of a laptop plus the fun of a tablet? A hybrid that lets you detach the tablet from the keyboard will do the trick.

### **Laptops**

#### ***Thin and light***

Take your computer on the road without getting weighed down. A slim, lightweight laptop is easy to grab and bring with you.

#### ***High performance***

Looking for something power packed, maybe with Beats audio for great movies and music? Consider a sleek high performer that gets everything done whether you're at home or halfway around the world.

#### ***Hybrid***

Scoop up the latest technology with a hybrid, which combines the benefits of a laptop with those of a tablet. Get things done on your laptop and then detach the tablet to lighten your load even more.

### **Desktops**

#### ***All-in-one***

Want an interactive experience that elevates games and entertainment to new heights? Consider a slim all-in-one with a bright, spacious touchscreen.

#### ***High performance***

Get serious power for fantastic graphics and easy multitasking with one of our high-end desktops.

#### ***Everyday***

Just want a "basic" computer for daily tasks like sending e-mail and surfing the Web? Choose from our reliable standard models at wallet-pleasing prices.
